Green and Ecofriendly campus

KLESDC champions a "Clean and Green" campus philosophy, integrating environmentally friendly practices and education to nurture sustainability. This initiative fosters eco-consciousness among students and staff, promoting a culture of environmental ethics both on-campus and beyond.

Some of the practices are:

- Clean Campus Initiatives
- Landscaping Efforts
- Clean Air Measures
- Rainwater Harvesting for Water Conservation

1. Clean Campus Initiatives

- Align activities with the vision of Swachh Bharat Abhiyan, supported by NSS.
- Raise awareness on cleanliness and hygiene among staff and students through:
 - Cleanliness drives
 - Competitions (posters, slogans, essays) and creative events (skits and speeches)

2. Landscaping and Clean Air Initiatives

- Enhance greenery with tree plantation drives.
- Managing runoff and enhancing groundwater recharge.

3. Clean Air Measures

To minimize air pollution and foster social interaction, the institution has appointed a gardener and full-time support staff for campus upkeep, ensuring a litter-free environment.

- Rainwater Harvesting for Water Conservation

4. Water Conservation through Rainwater Harvesting System

The institution is committed to groundwater replenishment through rainwater harvesting, which:

- Recharges the groundwater table.
- Enhances sustainable water use practices on campus.
